

## **Applicants That Qualify to Participate in the Tied Applicant Lottery**

**August 18, 2021**

The below lists are the Applicants that Qualify to Participate in the Tied Applicant Lottery. These lists have been updated since the Department's posting on August 12, 2021 "Applicants That Qualify to Participate in the Tied Applicant Lottery".

Top-scoring applications that received the same number of available application points under Section 15-30 of the Cannabis Regulation and Tax Act ("CRTA") as one or more top-scoring applications in the same BLS Region and would have been awarded a license but for other top-scoring applications receiving the same number of application points are considered Tied Applicants. The top score in every BLS Region as of this notification is 252 points. Through the Tied Applicant Lottery, the Department will award up to 75 Conditional Adult Use Dispensing Organization Licenses ("Conditional Licenses") across 17 BLS Regions.

The Tied Applicant Lottery is scheduled to occur on August 19, 2021. The results will be posted on the Department's website by the end of the day on August 19, 2021.

Below are the lists, by BLS Region, of applicants that qualify to participate in the Tied Applicant Lottery, subject to other statutory and administrative requirements. Pursuant to 68 Ill. Admin. Code 1291.50(a), a tied applicant is prohibited from becoming an eligible applicant in three instances:

- 1) if a principal officer of the tied applicant is a principal officer of more tied applicants than the number of remaining available licenses. For example, if an individual is a principal officer of four tied applicants and there are two remaining available licenses, no more than two of those tied applicants may become eligible applicants.
- 2) if a principal officer of a tied applicant resigns after the conclusion of the scoring process period.
- 3) if, after the conclusion of the declination period, a principal officer of the applicant is a principal officer of more tied applicants than the number of remaining available licenses.

If an eligible applicant is selected in the Tied Applicant Lottery, the eligible applicant may still need to abandon any Conditional Licenses that exceed the statutory and administrative rules. The form to abandon may be found [here](#). Further information explaining the abandonment period are explained in the Department's [Frequently Asked Questions](#) ("FAQs").

Each Tied Applicant in each BLS Region is identified below by the Proposed Dispensing Organization Name and the Unique Application Number assigned to each application - the Unique Application Number can be located on any documents provided during the Supplemental Notice Process and on the final score sheet emailed to the applicant on July 28, 2021. Each Unique Application Number has been assigned a Unique Lottery Number that represents one lottery entry for that BLS Region. If an applicant used the same application for more than 1 application fee in any single BLS Region, the Unique Application Number will be assigned a Unique Lottery Number for each application fee and will appear on multiple rows on the list. The Illinois Lottery will use a computer-based process to randomly draw the Unique Lottery Numbers, which will determine the order by which applicants have the opportunity to receive the licenses in that BLS region.

<b>Term</b>	<b>Meaning</b>
Unique Lottery Number	The Unique Lottery Number is randomly assigned to a Unique Applicant Number. The Unique Lottery Number will be used to identify the results of the lottery drawing.
Unique Application Number	A Unique Application Number was assigned to all applications.
Applicant Name	The Applicant Name reflects the entity's name as submitted on the original application.
