FREE Public Service Loan Forgiveness (PSLF) webinars offered for Public School Educators!

Are you a public school educator? Do you have student loans? Then this webinar is for YOU!

The Public Service Loan Forgiveness (PSLF) program provides loan forgiveness to borrowers after ten (10) years of service and 120 payments, including all public school teachers. For a limited time, the Biden Administration has implemented a temporary PSLF waiver, which allows more borrowers than ever to apply/enroll in the program. Even if a borrower was previously denied PSLF in the past, they may qualify now. However, this waiver is set to expire October 31, 2022.

Join the Illinois Department of Financial and Professional Regulation for one of our webinars to learn more about PSLF, the temporary waiver, and your next steps towards possible loan forgiveness.
