VARIANCE

Pursuant to the authority granted to me by 68 Illinois Administrative Code 1330.70, I hereby grant a Variance to 68 Illinois Administrative Code 1330.80 and 68 Illinois Administrative Code 1330.20(b)(4), which require pharmacists to submit renewal documentation and pay the renewal fee by the deadline of March 31, 2022. Such individuals are granted until July 31, 2022, to complete the renewal process and the fee for such renewal is varied to \$0.

This variance is granted based upon the transition to new data and operating systems utilized by the Illinois Department of Financial and Professional Regulation (“Department”), and the Department’s determination that certain licensees did not or may not have received notices and instructions concerning the required renewal via e-mail during this period. This variance is also granted to further strengthen the healthcare workforce during the State’s continued battle against the COVID-19 pandemic by reducing renewal fees.

The purpose of this Variance is to ensure that pharmacists, whose licenses would otherwise expire on March 31, 2022, do not experience an expired or lapsed license and are not required to take additional steps or pay additional fees to restore their license prior to July 31, 2022.

This Variance is in no way intended to waive or modify any other statute, rule, or regulation concerning the licensure of pharmacists nor to extend the active licensing period beyond the expiration date for licensees otherwise required to be renewed by March 31, 2022. Licenses renewed through July 31, 2022, during the extended renewal period granted by this Variance, shall expire at the end of the ordinary renewal period designated by the relevant regulation applicable to the profession.

I have determined that the provision from which this Variance is granted is not statutorily mandated; no party will be injured by the granting of this Variance; and the rules from which this Variance is granted would, in this particular case, be unreasonable.
