P.A. 099-0876 amends the Funeral Directors and Embalmers Licensing Code, the Illinois Roofing Industry Licensing Act, and the Barber, Cosmetology, Esthetics, Hair Braiding, and Nail Technology Act of 1985 by granting the Illinois Department of Financial and Professional Regulation Division of Professional Regulation (hereinafter the "Department") the authority to consider prior convictions an applicant may have at the time of application. The conviction may not be the sole basis of rejection of licensure unless it is directly related to the licensed activity as specified in each of the Acts. P.A. 099-0876 requires that the Department make specific considerations when considering a denial on the basis of convictions and outlines the process that must be followed. An important part of that process is that the Department report on its applicant numbers for these professions and whether convictions were considered in making denials of licensure by January 31 of each year, beginning in 2018. This Report is made using applicant data from the period of January 01, 2017 and December 31, 2017. Please note an applicant who may have begun the application process during this time may not have completed the process by December 31, 2017.
