Anti Predatory Lending Database (APLD) Introduction

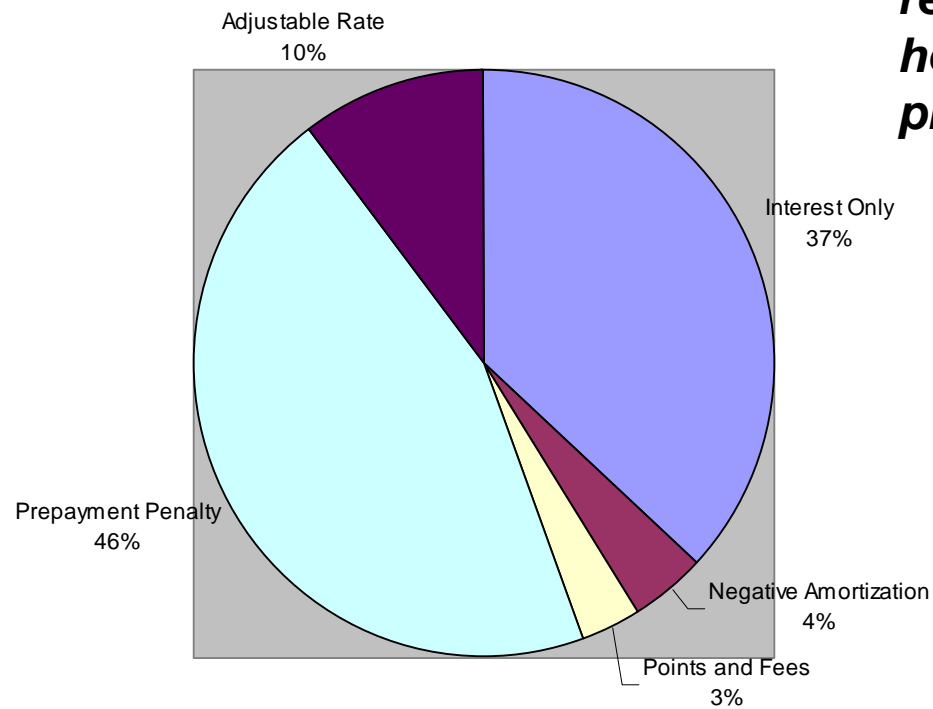

- **Successful launch of Anti Predatory Lending Database (APLD) on July 1, 2008 for Cook County, Illinois.**
- **Even though interest only loans, negative amortization loans, loans with points and fees over 5%, prepayment penalties, and adjustable rate loans are being offered in the market, only 2.4% of all loans entered into the APLD have required counseling in their final form. This indicates that, since the inception of the APLD, loan originators have been reluctant to utilize these types of products, resulting in better loans for Illinois consumers.**
- **Real time monitoring now available to review trends and assist families in need.**
- **Tracking and reporting on-demand for trends and foreclosure reviews.**
- **Integration with state licensing database has proven successful for timely license renewals, data clean-up and accuracy, and enforcement of suspensions. The database has also proven useful in discovering unlicensed activity, unregistered loan originators, unreported branch offices, and unreported changes of location concerning Illinois mortgage licensees.**
- **72 loans have failed to close after the borrowers attended counseling. 62 of these have not been accessed by a closing agent. It could be assumed that, in at least some cases, the borrower did not close the loan because of the advice provided by the counselor or increased awareness on the part of the borrower.**
- **There is no evidence whatsoever that the APLD is in any way impeding the business of mortgage lending in Cook County. Applications continue to be taken and loans continue to close.**

Required Data Pursuant to Act

- **17,119** loans registered with the APLD
- **236** borrowers received (completed) counseling
 - 164 borrowers receiving counseling have closed on the loan (69%)
- **7,584** loans have been closed in the APLD
- Number of loans requiring counseling for each of the standards:
 - Interest Only Loans: **187**
 - Negative Amortization Loans: **21**
 - Points and Fees Exceeding 5%: **16**
 - Prepayment Penalty: **229**
 - Adjustable Rate Loans: **52**
- **1,352** loans where a mortgage originator required counseling and then changed the loan terms to avoid counseling
- **39,962** loans have been closed with an exempt status from the APLD
