I am pleased to present the 2025 Annual Report (“Report”) of summary statistical information produced by the Department of Financial and Professional Regulation (“Department”) pursuant to Public Acts 100-286 and 102-105. The Acts affirm that in Illinois a criminal conviction alone does not stand in the way of an individual pursuing an occupational license. We remain steadfast in our mission to eliminate unnecessary barriers to licensure by evaluating every applicant and their full history, including evidence of rehabilitation and other mitigating factors.

In 2025, as in prior years, the Department processed well over a hundred thousand new license applications for the Divisions of Professional Regulation and Real Estate; around 1200 of those applicants reported past criminal convictions. Of those almost all, whose convictions did not legally bar them from the profession applied for were awarded licenses. There were a small number of applicants who chose not to request a hearing or work with our enforcement staff, but in total 2 applicants were denied licensure last year for conviction-related reasons.

Consistent with our demonstrated commitment to reducing unnecessary barriers to licensure, in 2025 the Department launched a new pathway for internationally trained physicians. We have already issued several limited licenses under this framework and expect this initiative to continue strengthening Illinois’ workforce as we build a more accessible and responsive licensure system.

We have made tremendous progress, but our journey continues. This Report underscores our commitment to fairness, impartiality, and the thoughtful application of mitigating factors, making clear that a past conviction is rarely, in and of itself, a barrier to licensure in Illinois. We encourage every qualified individual with prior convictions to apply and join the ranks of licensed professionals serving our communities.

Thank you for your interest in our work. We are proud of what we have achieved together and energized by the opportunities that lie ahead. When more people can build careers and contribute their skills, all of Illinois benefits.
