Illinois Department of Financial and
Professional Regulation

Division of Professional Regulation

IDFPR
Illinois Department of
Financial and Professional Regulation

Mission Statement

The Mission of the Illinois Department of Financial and Professional Regulation is:

- To protect the residents of Illinois,
- To ensure the safety and soundness of financial institutions,
- To ensure that competent professionals are licensed to provide services to the public,
- To enhance commerce in the state for the benefit of all its residents.

Department Overview

The Department of Registration and Education was established on July 1, 1917. The Department's name was changed to Department of Professional Regulation in 1988, and to Department of Financial and Professional Regulation, Division of Professional Regulation in 2004. The Division of Professional Regulation is divided into two operating units with specific duties and responsibilities: Licensing and Testing, and Statewide Enforcement.

Licensing and Testing

Licensing and Testing, headquartered in Springfield, oversees the issuance of licenses to individuals who are determined to be qualified to practice in their chosen field. Licensing and Testing also maintains licensing records, oversees the renewal of licenses, and serves as a liaison to the main call center of the Division, where consumers can verify licenses. Inquiries regarding licensure requirements, examination dates, or the status of a pending application are processed by the Department Call Center at 1-800-560-6420.

Inquiries regarding certification of licensure to another state, name and address changes, or restoration of a license are handled by the Licensure Maintenance Unit at 1-800-560-6420.

Statewide Enforcement

Statewide Enforcement, headquartered in Chicago, ensures state laws that govern the conduct and practices of professionals across Illinois are followed. Statewide Enforcement investigates allegations made against licensed professionals and prosecutes those cases where there is sufficient evidence to indicate a violation of law has occurred.

The Division of Professional Regulation is legislatively mandated to administer and enforce over 45 separate legislative acts that regulate the conduct of many professions and occupations in Illinois.

The Investigations Unit compiles the facts of the allegation and the Prosecutions Unit seeks to prove the validity of the complaint against the licensee.

Boards and Committees

Serving in an advisory role to the Division are 49 different boards and committees which assist in the administration and enforcement of Illinois laws governing licensed professionals. The boards help establish standards and rules to determine if an individual is qualified to obtain a license, review applicant files, review the curricula of schools, and recommend disciplinary action for those in their profession who violate the law.

How to File a Complaint Against a Licensee

You may file a complaint against any individual or entity regulated by the Division of Professional Regulation by

submitting a complaint, either by using our online complaint portal or by filling out a form online, printing it, and mailing it to us. Both may be found on our website:

<https://idfpr.illinois.gov/admin/DPR/DPRcomplaint.asp>
