Licensing and Testing Unit

Division of
 Professional
 Regulation

IDFPR
 Illinois Department of
 Financial and Professional Regulation

Licensing and Testing Unit

The Division's Licensing and Testing Unit has the responsibility, in conjunction with advisory boards and committees, of determining the qualification of candidates applying for licensure under the licensing Acts administered by the Division of Professional Regulation.

In addition, the Unit is responsible for overseeing the examination process for more than 70,000 examination/endorsement candidates annually, as well as the maintenance of more than one million licensee records.

Application Processing

Applications for licensure by endorsement, reciprocity, or acceptance by examination are processed by two application sections within the Unit. The Professional Services Section and Health Services Section process applications for over 70 professions encompassing over 200 licenses.

Each section is staffed by Unit liaisons to the various professional boards and committees assigned to their sections. This close association provides the ability to interact in the best interest of both the Division and the professions.

The applications for many Division of Professional Regulation licenses are now available online at <https://online-dfpr.micropact.com/>

Testing

The responsibility of coordinating the examination of approximately 25,000 licensure candidates rests with the Testing Section. Those responsibilities include ensuring the accuracy of exam scores, assisting in the eligibility of exam candidates, and coordinating requests made under the Americans with Disabilities Act between the Testing Section and the Division. Testing is also responsible for coordinating contracts with vendors, along with corresponding with applicants, vendors, and testing services and resolving applicant complaints.

Licensure Maintenance

It is the responsibility of the Licensure Maintenance Unit to oversee the maintenance of more than one million licensure records, including renewals, restorations, inactive requests, status checks, duplication of licenses, corrections, data changes, certifications of licensee records, and verifications of licensure.

Additionally, the section is responsible for answering phone and walk-in inquiries from the licensees, and providing information to other divisions of the Department.

Also, this Unit coordinates and provides information to the public regarding status of applications, qualifications for licensure, and approved programs and sponsors.

Helpful Hints

You may verify a license, e-mail a question regarding a specific profession regulated by the Division, download copies of Illinois law governing licensed professionals, and apply for and renew your license on our website at idfpr.illinois.gov.

If you do not have access to the Internet, you may call us at 1-800-560-6420 for license renewal questions, license status checks, and information pertaining to an already licensed individual or entity.

To receive applications for licensure or information on becoming licensed in Illinois, contact 1-800-560-6420.

Verifications of licensure status (LMU1).

Certifications of licensure records (which include the Director's signature and Division seal as required by other regulatory agencies) require a fee as outlined within this brochure (CSH3).

Address changes may be made on our website or by writing to the Division (LMU1).

Name changes must be sent with proof of name change (LMU1). If a license indicating a new name is required, follow the instructions for receiving a duplicate license.
