### Illinois Department of Financial and Professional Regulation Announces Fifth Round of “Same-Site” Licenses for Adult Use Cannabis

**CHICAGO** – The Illinois Department of Financial and Professional Regulation has announced seven more “Same Site” adult use cannabis licenses, which will allow an existing medical cannabis dispensary to obtain an adult use dispensing license. This license will permit the dispensary to begin adult use cannabis sales at that location starting January 1, 2020, provided the dispensary complies with local zoning rules or other local laws. These recent approvals raise the total number of approved “Same Site” licenses to twenty-nine.

In addition to opening adult use dispensaries at the same site of their medical cannabis dispensaries, existing medical cannabis dispensaries are permitted under the law to open a second site for adult use sales at a different location. In the coming months, new applicants, including social equity applicants, will have the opportunity to apply for an additional 75 adult use cannabis licenses. Social equity applicants are eligible for additional points on their application and for technical assistance, low-interest loans and fee reductions.

The medical dispensaries who received early approval adult use licenses this week are:

**Columbia Care**  
4758 N. Milwaukee Ave.  
Chicago, IL 60630

**EarthMed**  
852 S. Westgate St.  
Addison, IL 60101

**HCI Alternatives**  
1014 Eastport Plaza Dr.  
Collinsville, IL 62234

**HCI Alternatives**  
628 E. Adams  
Springfield, IL 62701

**Herbal Remedies**  
4440 Broadway Ste. 1  
Quincy, IL 62305

**Mission Illinois**  
8554 S. Commercial Ave.  
Chicago, IL 60617

**Nature's Treatment**  
973 Tech Drive  
Milan, IL 61264

The Department anticipates receiving additional applications for early approval adult use licenses as municipalities adopt relevant zoning ordinances regarding adult use cannabis.

Starting January 1, 2020, the law permits Illinois residents who are at least 21 years old to legally possess up to 30 grams of cannabis flower, up to 5 grams of cannabis concentrate, and up to 500 milligrams of THC in a cannabis-infused product.
